

TERI FAHRENDORF

5215 N. Lombard St., PMB 200 ▪ Portland, OR 97203 ▪ teri@roadbrewer.com

HIGHLIGHTS OF QUALIFICATIONS

- 19 years experience as a brewpub brewmaster and brewery supervisor, including multiple locations.
- Sophisticated knowledge of world beer styles and brands.
- 17 years experience with special projects: construction and commissioning (and decommissioning) of brewpub breweries, analyses of potential brewpub purchases, and bottled soda contract brewing.
- Continuously expanding experience in worldwide specialty malt varieties and usage.
- Continuously expanding experience in management, communications, nonprofits, marketing and sales.

BREWING/ CELLAR

- Experience at breweries with annual production of 800-1,500 barrels, on equipment sized 10-15 barrels.
- Created product line of four flagship beers with rotating seasonal and dark beers.
- Designed hundreds of new beer recipes for rotating seasonal and dark beer taps.
- Created recipes for eight Great American Beer Festival medal-winning beers.
- Designed grain-handling, root beer production, CO², O², and keg-filling systems.
- Developed standardized procedures for production, filtering, lab work, and tank, keg & beer line cleaning.

SUPERVISION/ TRAINING

- Supervised up to eleven brewers, eight of them long-distance/ out-of-state.
- Managed up to five brewpub breweries, four of them long-distance/ out-of-state.
- From 1988-2007, was involved in hiring and/or training 44 brewers.
- Designed and conducted Beer School for the restaurant staff to increase quality of brewpub customers' visits.
- Wrote detailed manuals, including Brewery Operations, Lab and QC, Personnel Management, Chemicals and OSHA, Brewery Forms, Standardized Recipes, Supplier, and Restaurant Employee Beer Training manuals.
- Oversaw Quality Control including weekly HLP labwork, and cleaning & preventative maintenance regimens.
- Project Manager for installation of additional fermenters at original brewery location.
- Directed GABF strategizing, and brewery staff career development.
- Under my supervision, Steelhead breweries won a total of 24 Great American Beer Festival medals.
- Project Manager on five brewery installations: Specified equipment to tank manufacturers, worked with architects, building contractors and brewery installation teams.
- Oversaw decommissioning of two closed breweries.

ADMINISTRATIVE

- Sourced raw materials, equipment, supplies, and equipment maintenance services.
- Responsible for purchasing raw materials, supplies, and services, including negotiating best prices.
- Responsible for semi-monthly, monthly, and quarterly Federal and State excise taxes.
- Designed, created and maintained six websites for Steelhead and its affiliates.
- Worked as liaison with trademark attorneys for all Steelhead and Bulldog brands.
- Arranged interstate transfers and sales of kegs from Steelhead's California breweries to Oregon, including interstate regulatory paperwork.

BEER RELATED

- Coordinated distributor promotions and participated in ride-along sales calls to retailers.
- Represented brewery at local functions and beer festivals, and gave brewery tours.
- Coordinated special projects: contract-brewed bottled root beer production, sales and distribution.
- During a 5-month brewery-focused journey, visited 70 breweries and brewed at 38 of them.
- Worked as a clerk/ beer matchmaker in a specialty beer store selling 1,200 different beers in bottles.
- Consultant to brewpub start-up resulted in increased safety, reduced labor, and streamlined process.
